

## Catherine M. McGee Middle School

February 29, 2016

Dear Members of the Education Committee,

My name is Marco Scarano, I am a seventh grade student at Catherine M. McGee Middle School in Berlin. Bill No. 5467 affects me directly. Research shows it will allow me to learn and retain what I learned better than students that are less active. It will introduce a new way of teaching that I believe students my age need.

My name is Ashley Wenzel, I am a seventh grade student at Catherine M. McGee Middle School in Berlin. I want Bill No. 5467 passed so that we can encourage schools to promote active learning for all students. I believe this bill will promote students being active in the classroom and this is important to me.

Please support HB 5467: An Act Establishing A Red Ribbon PASS Program.

Thank-you,

*Marco and Ashley*
